A short recap of last year...

m[A.I.]_fest 2017

Spring A.I. Conference by Invest in Bavaria

In May 2017 we brought together over 100 experts from **industry-leading Bavarian & German companies** and **innovative A.I. startups & scale-ups** from Silicon Valley and beyond – including a few of Fortune Magazine's **Global Top 50 A.I. companies**.

Our conference featured **more than 70 matchmaking 1-on-1's** between entrepreneurs, VCs, innovation scouts, and R&D experts, an A.I. Expert Panel, and – of course – a **Bavarian Happy Hour!**
